Tuesday, 21st February 2012

09.30 – 13.30 – Environmental Careers Event

Scottish Agricultural College, King's Buildings

As part of the new programme we will be holding a careers event to help link our students to public and private sector employers in the region.

This event is designed to:

- illustrate the importance of this area of study, and related employment opportunities
- provide inspiring examples of possible careers in this area
- illustrate to students the skills and knowledge they will need to pursue a career in this field

The format is 20 min sessions where outside organisations will what they do, and talk about the skills that you need to work in that area:

Wednesday, 22nd February 2012

09.00 - 13:00 Environmental Protection and Management Dissertation Proposals (student presentations, using the LU/EI room booking)

14.00 -17.00 OHS&E and Ethics presentations (TBC) finish student presentations.

Thursday, 23rd February 2012

09.00 – 17.00 Soil science practical and DNA extraction (split class, groups of 3, activities in general laboratory skills and basic chemistry in two disciplines)

Friday, 24th February 2012

09.00 – 17.00 Soil science practical and DNA extraction (split class, groups of 3, activities in general laboratory skills and basic chemistry in two disciplines)
